

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Previously presented) A method to nondestructively confirm termite infestation in at least one site in a residential structure comprising:
 - (a) using a thermal imaging camera to receive a thermal image of said residential structure to detect moisture carried by termites at an at least one site wherein said thermal image is a cold spot; and
 - (b) positioning at least one detector at said at least one site to nondestructively confirm termite infestation in said at least one site in said residential structure wherein said thermal image is received without prior electromagnetic radiation of the residential structure.
2. (original) The method of claim 1 wherein said at least one detector is a microwave motion detector.
3. (withdrawn) The method of claim 1 wherein at least one detector is a dog.
4. (withdrawn) The method of claim 1 wherein said at least one detector is a gas detector.
5. (withdrawn) The method of claim 1 wherein said at least one detector is an x-ray detector.
6. (original) The method of claim 1 further including the step of heating said structure.
7. (original) The method of claim 1 further including the step of cooling said structure.
8. (withdrawn) The method of claim 1 wherein said at least one detector is a fiber optic scope.
